

Your technical engineering partner for the full vessel lifecycle.

Built on three principles : Prevention, Protection, Performance

What we do

Marine Mechanics delivers navigation and communication services, safety systems, calibration IHM preparation and maintenance, testing and monitoring, machinery spares, and mechanical care under one roof. Every service is compliance-driven and lifecycle-focused, built around the disciplines of prevention, protection, and performance.

Machinery Spare Parts Sales

Marine Mechanics is an authorised dealer and supplier of marine machinery spares, control-system components and ship stores. Backed by a sales desk that understands how vessels operate, we source genuine OEM and quality-assured parts and deliver to any port worldwide - coordinated around your vessel's schedule, so a missing part never becomes a missed sailing.

Every part is sourced through authorised dealership channels, with full traceability and manufacturer warranty support. One sales desk handles engine parts, control systems, deck and engine stores and specialist equipment - fewer POs, faster turnaround - and it is run by marine engineers who identify the correct part the first time, from plate data, drawings or old part numbers.

Spares & Stores Supply

One Enquiry. Every Category.

Genuine OEM and quality-assured parts across three streams-

Diesel Engine Parts: Liners, heads, pistons and rings, connecting rods, bearings, valves, fuel-injection and filtration equipment.

Control Systems: Pneumatic (AVENTICS, NABTESCO) and electronic (REXROTH, PARKER) spares; FIVA/ELFI/HPS valves, ICU/ISOP and MPC/MOP controllers.

Deck & Engine Stores: Ropes, anchors, chains and mooring gear; paints, filters, gaskets, pumps and valves; consumables and safety equipment.

How to Order

Email your requisition with the vessel name, equipment maker, model and serial number, and part numbers or plate details where available. Our sales desk reverts with availability, pricing and delivery options for your intended port of supply.
